PROFESSIONAL SUMMARY

B.Tech Computer Science student with practical knowledge of Python and Django, and hands-on experience developing web applications through academic and personal projects. Familiar with frontend technologies, databases, and backend development. A quick learner seeking an entry-level software developer role to apply technical skills, learn new technologies, and contribute to real-world projects.

TECHNICAL SKILL

- **Languages:** Python
- **Backend Development:** Django
- **Frontend Development:** HTML5, CSS3, Bootstrap, JavaScript
- **Databases & Tools:** MySQL

WORK EXPERIENCE

Full Stack Python Developer Intern | Softpro India **Jun 2026 – Jul 2026**

- Developed dynamic web platforms using Python, Django, HTML5, CSS3, JavaScript, Bootstrap, and MySQL.
- Handled backend database operations and page routing for user management modules.
- Connected Django ORM with relational databases for structured data management and schema updates.

PROJECTS

File Tracking System | Python, Django, Bootstrap

- Built a web application to track document movement, status updates, and history logs inside an organization.
- Added secure user login and role-based access for different staff members.
- Implemented search filters using Django ORM to quickly locate specific files in the system.
- Designed a simple and clean administrative dashboard to manage user requests easily.

Online Admission System | Python, Django, JavaScript

- Created an online student admission portal for form submission, document uploads, and status tracking.
- Built backend workflows to process student applications in real time and manage database records.
- Structured administrative panels for college staff to approve or reject student applications.

Global Alumni Portal | Python, Django, Bootstrap (ongoing)

- Developed a web platform to help students connect with alumni, view campus events, and search profile directories.
- Created search and filter options to help users find alumni by batch year or location.
- Integrated basic announcement boards for sharing upcoming college activities and meetups.

Personal Portfolio Website | HTML5, CSS3, JavaScript, Bootstrap

- Built a personal portfolio website to display personal projects, technical skills, and academic background.
- Created a fully responsive layout using Bootstrap that works smoothly on mobile screens and desktops.
- Added smooth scrolling navigation, custom UI styling, and a working contact form section.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science
AKTU University | 2023 – Present | Current CGPA: 8.04 / 10

Higher Secondary Education (Class XII - CBSE)
Cambridge Sr. Sec. School | 2021 – 2023 | Score: 76.4%

CERTIFICATIONS & ONLINE COURSES

Front End Web Developer Certification – Infosys Springboard (2025)

- Completed structured training in HTML5, CSS3, JavaScript, and Responsive Web Development.
- Developed dynamic and responsive user interfaces using Flexbox and CSS Grid.
- Implemented form validation, event handling, and client-side scripting to enhance user experience.
