PROFESSIONAL SUMMARY

Motivated and enthusiastic fresher with a strong interest in technology, business analysis, and problem-solving. I have a good understanding of Python, JavaScript, SQL, APIs, and JSON, with a strong foundation in logical thinking and technical concepts. I enjoy understanding problems, working with data, and finding practical solutions to business requirements. Looking to apply my technical and communication skills while learning and growing in a Techno-Functional Business Analyst role.

CORE COMPETENCIES & TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript (ES6), Java (Basics),HTML5, CSS3
- **Frameworks & Libraries:** Django, Bootstrap
- **Databases & Data:** MySQL, SQLite, SQL Queries, CRUD Operations
- **APIs & Integration:** FAST APIs, JSON, Request/Response Handling
- **Development & Tools:** Git, GitHub, Postman, VS Code, Browser Developer Tools
- **Soft Skills:** Communication, Logical Thinking, Analytical Thinking, Team Collaboration, Quick Learning

PROJECTS

File Tracking & Workflow Management System | *Python, Django, SQL, JavaScript, HTML/CSS*

- Developed a role-based system to track the movement and status of official documents across different organizational levels..
- Implemented workflow stages including **Draft, In-Review, Approved, and Dispatched**, with activity tracking and audit history..
- Designed and managed **SQLite database models**.

Online Admission & Candidate Evaluation Portal | *Python, Django, SQL*

- Developed a **full-stack admission portal using Django** for candidate registration, application submission, document uploads, and application status tracking..
- Implemented **Django ORM** for database operations and designed models to manage candidate details, academic records, documents, and application data.
- Added **form validation and business logic** for eligibility checks, data validation, merit calculation, and application processing.

Global Alumni Networking & Career Portal (ongoing)| *Python, Django, SQL,JavaScript*

- Developed a centralized community and placement portal connecting alumni and current students for mentorship, job updates, and career guidance.
- Implemented secure authentication, permission tiers, and dynamic multi-criteria search filtering (industry, domain, batch, location) using JSON responses.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science
AKTU University | 2023 – Present | Current CGPA: 8.04 / 10

Higher Secondary Education (Class XII - CBSE)
Cambridge Sr. Sec. School | 2021 – 2023 | Score: 76.4%
